K to 2 Infants Learn to Swim Program

Dear Parents,

Sacred Heart will be conducting a two week Learn to Swim Program this term in Week 9 (11th September to 15th September) and Week 10 (18th September to 21st September). The program is ideal for young students who are only just learning to swim and who need further work on stroke development and survival skills, under the guidance of Austswim accredited instructors.

We are encouraging all infant students to participate in the program. The lessons are held during school time and are supervised by a classroom teacher. The cost of the program is \$70.00 per child for the 9 lessons. This will include the entry, bus to and from the pool, lifeguard and instructor fees. Further information will follow closer to Week 9.

If you have any questions, please contact Mrs Cameron at school on 69422612.

Please note following adjustments:

1. Students participating in the Western Region Choir Festival are to pay for 8 days, costing \$63
2. Season pass holders only pay \$48

Regards
