10/03/17

Dear Parents,

The eighth annual Paddock to Plate dinner will be held on Friday March 17.

The preparation for this event is under way and many of the vegetables grown. The dinner will be a tapas evening with many of the ingredients used produced by the students.

Year Ten students and their parents are invited guests along with past students and a range of agricultural experts who assist in the programs conducted. The Year Ten students will be heavily involved in the planning and preparing of the meal in the days leading up to the dinner.

The Year 9 students of Agriculture will also be involved in the planning and preparation, and, if available, play the role of wait and kitchen staff on the dinner evening. These students will be provided with a meal.

If parents of Year Nine are able to assist on the evening this would be greatly appreciated. This support can be indicated by returning the slip attached.

The dinner commences at 6.30pm, but Year 9 students and any available parents are requested to be at school by 6pm. The evening for the kitchen staff should conclude by 9pm.

If you have any further enquiries please contact me at the school.

Thankyou,

Mr Tim Mahon
Agricultural Teacher

Mrs Janet Cartwright
Principal

I, ____________________________, will be able to assist with the Paddock to Plate Dinner, on the 17th of March, 2017.
